

March 29, 2020

Greetings WRE Families,

I hope that we as a school community have gotten into a better groove with this ELearning this week. We know that it is a leaning curve for everyone. I have been so excited with the effort that our staff has put into all aspects for our students and families. Our teachers share with me the great things that our students continue to produce, create and work on every day. I am so PROUD of our students and their abilities to continue to work so hard to learn in different ways. I would like to give a HUGE shout-out to the parents for your efforts managing your families in entirely different ways than you are accustomed to in normal circumstances. It's tough, it's hard, it's different...We are in this together!

Be looking this week for activities students and families can do together to show our Windsong STRONG spirit. You can video or take pictures of these activities and share with the school.

Please continue to watch your emails and check the PISD websites for the latest information during the school closure due to the COVID-19 outbreak. We will stay connected with you through our multiple communications channels and ask that you please visit our [COVID-19 eLearning and Informational Updates page](#) to receive the most current and accurate information about this extended closure and Prosper ISD's response to the COVID-19 health concern.

All WRE activities through April 3 have been canceled. This does not include 504 and ARD meetings. These are scheduled through google hangouts with specific WRE Staff. Thank you.

We miss you all and look forward to seeing you soon! Stay healthy so you keep others healthy! Windsong STRONG!

Respect Yourself
Respect Others
Respect this School (Community, City, State, Nation, World)
Windsong STRONG!!!

I have attached Dr. Watkin's latest message to the district.

Dear Prosper ISD Community,

I just wanted to send you a quick update on a couple of items. First, I want to thank you all for doing your part as students and parents coordinating your learning with your teachers last week. As we continue eLearning you will no doubt have questions and/or concerns arise, but please know that we have teachers and staff at the ready to assist. Next, you may have seen local cities and counties announce shelter-in-place declarations. In the event that Collin County issues a shelter-in-place, please know that our schools will be listed as an "essential activity." This simply means parents and students will be able to drive to campus for curbside pick-up for instructional materials as well as the PISD lunch program. Prosper ISD will ensure that its students have the proper resources and food available to them as they continue their education from home. Please remember to access our **Covid-19 website** for any questions or concerns you might have. These are trying times, but this is NOTHING that the greater PISD community cannot do together. Stay safe and we "hope" to see you all very soon - We Are Prosper!

Dr. Watkins
