Prosper, TX 75078

NuMinds
Real, Inspired learning.

With the summer seemingly eons away, what we all need now is a brain booster—the reigniting of the passion, play and problem-solving that fuels our curiosity!

At this one-day camp we'll outfox opponents at logic games, strategize at classics like chess and checkers, conquer a series of engineering challenges, and balance it all out with mind-body challenges like noodle hockey and human-size Hungry-Hungry Hippo!
