

Problem Solving

Solve the problems below. Use 2-3 math strategies to show your thinking. Refer to the “Ways to justify, defend, and prove my answer” document under math on our Homework page on the Schoolwire website.

1. There are 12 big dogs playing in the park. Some little dogs came to join them. Now there are 20 dogs playing in the park. How many little dogs came to play in the park?

2. Sara has some lollipops. She passes out 7 lollipops to her friends. Now Sara only has 2 left. How many lollipops did Sara start out with?

*****Challenge*****

3. Kayla has 18 M&M's. 9 are orange, some are red, and 3 are green. How many red M&M's are there?
