Problem Solving

Solve the problems below. Use 2-3 math strategies to show your thinking. Refer to the "Ways to justify, defend, and prove my answer" document under "Math" on our Homework page on the Schoolwire website.

1. There were 9 children playing at the park. 3 more children came. How many children are playing at the park now?

2. 5 frogs are sitting on a log. 3 more frogs joined them. How many frogs are there in all?

3. Greyson has 8 basketballs and Nolan has 6 basketballs. Who has more basketballs? How do you know?
