# Prosper Color Guard

How to join. Training sessions. Auditions.

## What is *Color Guard*?

The Prosper Color Guard is a section of the marching band that dances, spins flags, rifles and sabres. The marching band and color guard performs during halftime at football games, as well as, local and national competitions. The Color Guard Staff provides a fun and safe learning environment while we teach you how to spin and dance. We believe in creating a cohesive team of talented individuals that can take the lessons we learn in the color guard and apply them to real life - creating members that not only become successful in color guard, but are prepared to become successful adults.
