

2019-2020 PISD Summer Reading Information

*New to Prosper and not able to complete this before school starts? Don't worry!
Your teacher will be ready to support you when you arrive at school!*

WHY SUMMER READING:

PISD continues to refine the design of summer reading so that as students read throughout the summer break, they are both able to explore reading through choice and through exposure to thought-provoking literature.

WHAT SUMMER READING IS:

- **Students are asked to read over the summer.** To help with this, suggested reading lists are provided for high school. These are, however, *suggestions* and students should feel the freedom to self-select texts. During the first few weeks of school, discussions, writing assignments, and further reading assignments will be based on summer reading. *Teachers will be prepared with alternate assignments and texts to support students who are new to the district.*
- Before leaving for summer break, students will create a Google Portfolio Site where they can list what they have read and their review of the text. Students who are unable to create their Site before leaving for the summer will do so when they return in the fall.
- Suggested reading lists are based on your student's 2019-2020 English class, and more information is available below via the links:
