RUSHING MIDDLE SCHOOL

Arrival + Dismissal Procedures

Dismissal

3:30 P.M.

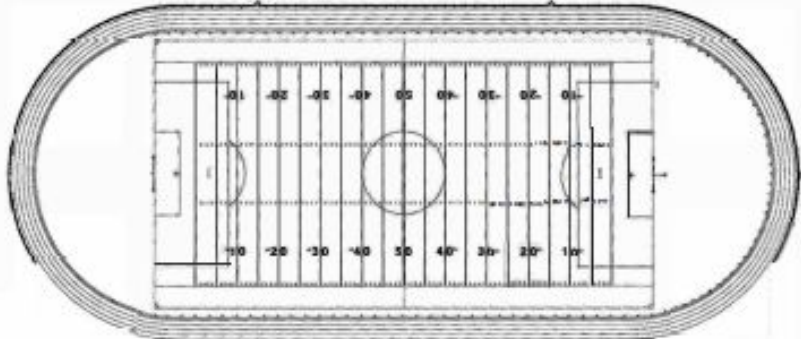

-  **Walkers:** Walkers will be dismissed from either the Front or Back Entry.
-  **Car Riders:** Students picked up by car can be picked up at either the Front or Back entrances. Cars will remain on the right side to pick up (left lane will be for through traffic only). The entire front circle drive (all the way to the gym entrance) is a loading zone. Parents and students will need to communicate with each other to determine which entrance they will be picked up at.
-  **Bike/Scooter Riders:** Will exit the west side of the building and collect their bike and scooter to return home.
-  **Skateboards:** Students will collect their skateboard from the front office and exit either the Front or Back main doors to return home.
-  **Bus Riders:** Will report to the cafeteria at dismissal and will be released to the Front entrance when their bus has arrived.
-  **After School Child Care Riders:** *Students who will be picked up by an after school care provider will be picked up at the front entrance.*

Parents are discouraged from parking and walking up to the building to get your student(s). The staff members on duty are asked to monitor students who are waiting in the car line. When parents choose to utilize the crosswalk it slows down the car line and creates an unsafe environment for our students. Thank you in advance for your understanding.
