

Evaluation of District and Campus Community and Student Engagement Performance House Bill 5 included a local evaluation requirement or the community engagement component. The community engagement requirement is an opportunity for districts to showcase areas of excellence and success as well as recognize areas in need of improvement and set future goals valued in the community. EC 39.0545 requires each district to evaluate and designate a performance rating for the district and each of its campuses in the district based on criteria set by a local committee. The law requires that each district and each campus be assigned a rating of exemplary, recognized, acceptable, or unacceptable in each of the eight factors areas, an overall rating and a rating of compliant or noncompliant regarding this statute. In PISD we used the previously established Campus and District Site Based Committees to evaluate each campus and the district based on rubrics, modified to reflect our district, provided by Region 10.
