

2. Enroll in Dual Credit Courses

Beginning in the summer after the student's sophomore year, qualified high school students may enroll in accredited Dual Credit courses. Students enrolled in Dual Credit courses receive both high school credit and college credit simultaneously. Grades earned in Dual Credit courses taken during the fall and spring semester are weighted, calculated into the student's high school GPA, and appear on the student's high school and college transcript. To be eligible to enroll in Dual Credit courses, students must meet college admission requirements. Additionally, students must complete the application and registration process, including taking the TSI, and provide a copy of the college transcript or grade report at the end of the semester. Dual Credit courses taken during summer school or on-line will not be calculated into the student's high school GPA but will appear on the high school and college transcript.

Students will be responsible for paying all tuition, books, and fees associated with Collin College Dual Credit courses.

List of Dual Credit Courses

Collin College - Prosper ISD Dual Credit			
Prosper ISD Course	Prosper ISD Course Credit	College Course Title	Collin College Course Credit
English III A or IV A	0.5 Credit	ENGL 1301	3 Hours
English IIIB or IV B	0.5 Credit	ENGL 1302	3 Hours
English IV A	0.5 Credit	ENGL 2332 - World Literature I <i>(Prerequisite - ENGL 1301/1302)</i>	3 Hours
English IV B	0.5 Credit	ENGL 2333 - World Literature II <i>(Prerequisite - requires ENGL 1301/1302)</i>	3 Hours
Government	0.5 Credit	GOVT 2305	3 Hours
Economics	0.5 Credit	ECON 2301	3 Hours
Fourth Year of HS Math	0.5 Credit	MATH 1314 - College Algebra	3 Hours
Fourth Year of HS Math	0.5 Credit	MATH 1342 - Statistics	3 Hours
Math Elective	0.5 Credit	Math 2415 - Calculus III	4 Hours
Math Elective	0.5 Credit	Math 2320 - Differential Equations	3 Hours
US History A	0.5 Credit	HIST 1301	3 Hours
US History B	0.5 Credit	HIST 1302	3 Hours
Communication Applications	0.5 Credit	SPCH 1311 - Intro to Speech	3 Hours
Engineering Design and Problem Solving	0.5 Credit	ENGR 1201 - Intro to Engineering	2 Hours

Networking A	0.5 Credit	ITNW - Network +	4 Hours
Networking B	0.5 Credit	ITSY 1300 - Fundamentals of Information Security +	4 Hours
Medical Terminology A	0.5 Credit	HITT 1305 - Medical Terminology I	3 Hours
Medical Terminology B	0.5 Credit	HPRS 2301 - Pathophysiology	3 Hours
Health Science - Certified Nurse Aide	1 Credit	NURA 1301 - Including lab/NURA 1160	4 Hours
Practicum in Health Science - Patient Care Tech - Phlebotomy	1 Credit	PLAB 1323/PLAB 1160	4 Hours
Practicum in Health Science Patient Care Tech - EKG	1 Credit	ECRD 1111/DSAE 1340 - EKG course and lab	4 Hours
Professional Communications	0.5 Credit	SPCH 1321 - Business and Professional Communications	3 Hours
Principles of Architecture A	0.5 Credit	DFTG 1309 - Basic Computer Aided Drafting	3 Hours
Principles of Architecture B	0.5 Credit	DFTG 2319 - Intermediate Computer Aided Drafting	3 Hours
Practicum in Health Science - Rehabilitation Aide A	1 Credit	HPRS 2232-Healthcare Comm, PTHA 1409 - Into to Physical Therapy	6 Hours
Practicum in Health Science - Rehabilitation Aide B	1 Credit	PTHA 1431 - Functional Anatomy PTHA 1160 Clinical Experience	5 Hours
Practicum in Health Science - Medical Scribe A	1 Credit	HITT 1305 - Medical Terminology HPRS 2321 - Medical Law and Ethics	6 Hours
Practicum in Health Science - Medical Scribe B	1 Credit	MDCA 1309 - Anatomy and Physiology MDCA 1321 - Administrative Procedures	6 Hours
Health Science - Electrocardiography A	1 Credit	DSAE 2303 Cardiovascular Concepts DSAE 1340 - Diagnostic Electrocardiography	6 Hours
Health Science - Electrocardiography B	1 Credit	DSAE 1315 Principles of Adult Echocardiography HPRS 1160 - Clinical	4 Hours

3. Enroll in Concurrent Enrollment

Beginning in the summer after the student's sophomore year, qualified high school students may be concurrently enrolled. In concurrent enrollment, students enroll in college courses for which they receive only college credit. Grades earned in concurrent enrollment courses are not reported to the high school since no high school credit is awarded. To be eligible to enroll in concurrent enrollment courses, students must meet the college entrance requirements. Additionally, students must follow the application and registration process and pay for courses and books. Students may take concurrent enrollment courses during the school day, in accordance with PISD attendance policies, at night, in the summer, or on weekends.
