

# Install Gmail on an Android Phone

*Please note that on some Android phones Gmail may already be installed by default. If not, follow the instruction below.*

	1. On your phone, go to the Google Play store and search for Gmail using the Magnifying Glass.
	2. After tapping on the Gmail app, swipe from top to bottom and scroll past the review section. Install/download the Gmail app (it is free of charge.) 3. Once the install is complete, locate the Gmail icon and open the app on your phone.
	4. In the Gmail app, click on the three lines on the top left.
	5. Click the down arrow near the top panel that slides out, and then click <b>Add Account</b> .
	6. Tap Google. Enter your email address (if needed) and password. Remember your email account is still <u><b>NAME@PROSPER-ISD.NET</b></u> not <u><b>name@gmail.com</b></u> .) Click on <b>Next</b> .
	7. Enter your password. Click on <b>Next</b> . 8. The Gmail app will show you your inbox organized with the most recent mails first. To open up an email in the app, simply tap on it.
